1982-83 BRONCHO

PEOPLE . . .

Individuals . . . the many faces of our school. Different expressions, different moods, different people. Yet, we all have two things in common—we belong here, and we are the GRADY SCHOOL!

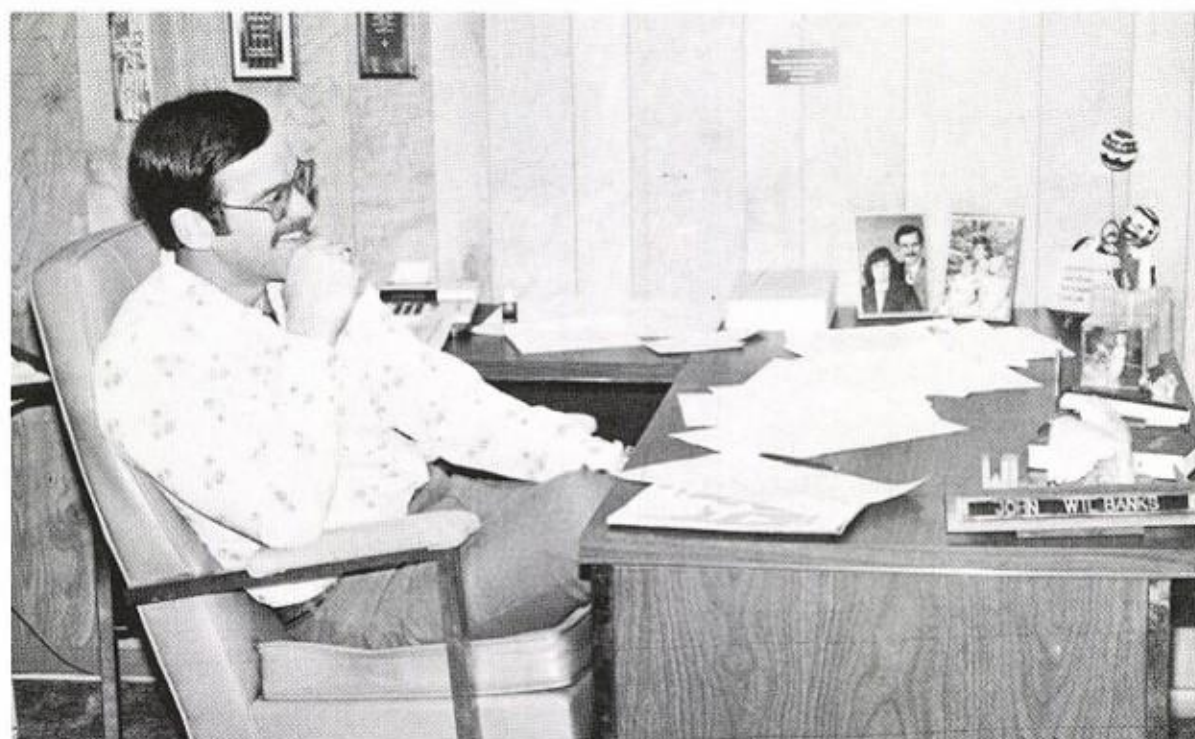

FRIENDS . . .

Friends, getting together, lending an ear, a hand, or a voice is a part of school. Friends—having fun with, passing the time with, getting along with, or just putting up with—that's what friendship is all about!

LEADERSHIP . . .

Mr. Wilbanks, leading us with a smile, or sometimes a frown, sometimes a thoughtful look, sometimes with a stern look, but most usually with a smile and a pat on the back!!

TAKE A BROWSE THROUGH THE 1982-83 SCHOOL YEAR!

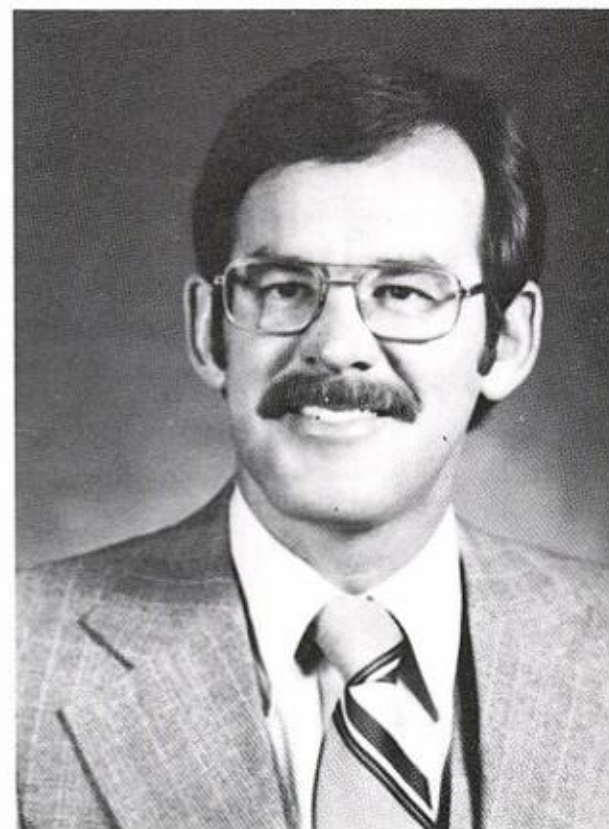

ADMINISTRATION

MESSAGE FROM THE SUPERINTENDENT . . .

There were times when we were happy and times when we were sad;
There were times when we were excited and times when we were bored;
There were times when we were noisy and times when we were silent;
There were times when we worked and times we played;
There were times when we were proud and times when we were humble;
There were times we succeeded and times when we failed;
There were times we cheered and times when we cried;

Many of these experiences are depicted in this year's annual by the Broncho Annual Staff. Let me offer my congratulations to each and every student at Grady High and Elementary for your achievements during this past year, and for the memories that we will always have of the 82-83 year.

it seems like Grady has not had the same starting team for the last four or five years. Many of these players have started since they were eighth or ninth graders, and as underclassmen they appear capable of being near or at the top once again in District 7A.

King also noted that Grady Junior High "had a super high team," and that those eighth graders moving up would really contribute next season. In addition to Bold, King's only other less will be freshman Robin Davis, who is moving to San Jon next school year.

Bronchos look to repeat as district champions in 7A

"The season ended on a good note, and next year will be less of an adjustment (between the players and a new coach). I really think we'll be better next year. We have our top three rebounders - Rush, Gary Northcutt and Todd Northcutt) and our top two scorers (Rush and Gary Northcutt) coming back. That's a good nucleus to work with, and I expect the kids to have more desire and work hard next season."

The Grady Lady Bronchos finished with the best record in the entire area, 21-4. Coach Larry King loses only Lanie Bold to graduation, while his returning players include Raynee Gerhart, Tammy Lockmiller, Terri Riley, Julie Blackburn, Tresa Shafer, Kye Grau, Brenda Ford, Dee Bryant and Shelly Lockmiller.

King said his team's strong points are quickness, shooting ability, experience (with the four returning starters) and confidence (Grady rolled through the district volleyball race with many of these same players). As far as weaknesses are concerned, King said the team is not fundamentally sound defensively, has a tendency to foul too much and suffers from erratic intensity levels.

Reynolds said his club's main weaknesses look to be passing, working into the transition game better, the players' learning their positions and a lack of a "super ball handler."

Grady's Wade Edwards battles San Jon's Wade Locke.

Lady Bronchos' Lanie Bold hits for two.

improve. There is a lot of potential here."

Looking at district, Reynolds, a 1979 Lubbock Christian College grad who coached at Dora last year, said, "I don't know too much, being new. I've heard House and Mosquero have some good players, and Logan and San Jon are always tough. It's hard to say right now."

Overall, Reynolds said, "This team works as hard and has as good an attitude as any team I've been around. They are now playing to about 50-60 percent of where they want to be. The players have a good attitude, they should continue to

But Grady has been the team to beat the last few years in this district. Some things change with time, but that observation looks accurate for at least another year.

Next on the list of impressive records were the Grady Bronchos. Coach Don King's crew finished with an 18-7

"I was very pleased that we improved the whole season," King said. "By the end of the year, we were really coming into our own. I thought we had an excellent chance to win state, and I feel like we'll be better next season. We're going to have to wait and see if that's enough to take state..." and see if
